## **FIRE HYDRANT FLUSHING**

*The City of Beloit Water Resources Division will be performing their annual fire hydrant flushing program from July 27, 2015 through November 01, 2015.*

*This flushing program ensures that the fire hydrants are in good working condition in case of emergencies and to help flush sediment out of the distribution system.*

*You may experience discolored water, low water pressure or a disruption of service during this time period. Residents are urged to reduce water use and consumption during this time period and wait to do laundry until **AFTER** 6:00 p.m. during the flushing program.*

*During evening hours residents should open their cold water faucets until the water runs clear before using it.*

***THE WATER IS SAFE TO DRINK DURING THIS TIME PERIOD.***
